Working Group #1

Marine Corps Incident Based Reporting System

(MCIBRS)

Enhancement

Mr. Frank Mazzone

MCIBRS Enhancement

- **BACKGROUND**
  - **MCIBRS is a NIBRS compliant Data Base**
  - **Individual Provost Marshal Office's have implemented unit specific "software" packages that enhances MCIBRS based on unit requirements.**
  - **CLNC, New River, and Cherry Point became the "test bed" for developing a LE Specific package.**

MCIBRS Enhancement

- **Deliverable:**
  - Create a list of common capabilities that ALL PMs can agree to in order to facilitate the development of a LE software package that promotes continuity amongst the PMOs and enables each PM to “mine” the MCIBRS database for statistical information.

Military Police Battalion

Employment

LtCol Martin

II MEF

MPBN Employment

- **BACKGROUND**
  - **2D MPBn activates during FY 02**
  - **II MEF OPT held on 16 Nov 00**
    - **Support to SE**
    - **Support to Operating Forces**
  - **5 Platoons (1/40) will be set aside to support Bases/Stations. (I&II MEF)**

MP Bn Employment

- **Deliverable:**
  - Develop a procedural document that will be used as a guideline for the employment of the MPBn in support of bases and air-stations and operating forces.

LAW ENFORCEMENT MANUAL REVISION

CWO-4 Swanson

POS-20

LAW ENFORCEMENT MANUAL REVISION

- **BACKGROUND**
  - P5580.2A IS DATED 23 OCT 98
  - ROUTINE REFERENCE UPDATES REQUIRED
    - CID MOU, 18 MAY 99
    - DODINST 5505.11, 1 DEC 98
    - SECNAVINST 5580.1, 13 SEP 00
    - SECNAVINST 5212.5D, 22 APR 98

LAW ENFORCEMENT MANUAL REVISION

- **Deliverable:**
  - Create a “rough” draft of:
    - Chapter 1, Section 1, paragraph 1101.
    - Chapter 3 (INVESTIGATIONS)
    - Chapter 5 (ICR PROCEDURES)
      - Including report disposition instructions.
    - APPENDIX I (CID Reporting Procedures)
    - ADD APPENDIX For Fingerprint Requirements
      - NCIS is “Channeling Agency”

Working Group #4

T/O Validation

LtCol Ajinga

T/O Validation

- **BACKGROUND**
  - •Current Base and Station T/Os have never been "officially" updated/validated since publication.
  - •T/Os require validation/updating in order to establish a "mirrored" T/O with like bases therefore creating a "standardized" Provost Marshal's Office.
    - •Determine the amount of support provided by MPBn
    - •Realign MP assets to fill gaps in staffing in order to better utilize a limited asset
  - •MCAS Cherry Point was the "test bed" for the NCIS "metric"

T/O Validation

- **Deliverable**: Decide on what metric to use: either the NCIS T/O Metric or a Marine Specific Metric. Then create a “base” Table of Organization for PMOs at air-stations and bases that creates standardization between “like” installations in billet descriptions and numbers of MP as compared to numbers of posts.
